You screwballs better not let M\$ off the hook on this suit or you'll be looking for a job come the next election. It's blatantly clear what M\$ did was dirty rotten business practices and, it's also clear that DOJ would like to let them walk with a slap on the wrist. Thank god 9 states are doing what's right because obviously DOJ can't / won't. We are watching you...

In theory, there is no difference between theory and practice. In practice, there is a big difference.
